

How to Write a Thesis Essay with Examples

Since it has a significant role in any document or study so it needs to be clearly defined and elaborated. Vague statements can give rise to ambiguity in the essay. The thesis statement normally occurs at the end of the introductory paragraph and includes the main purpose of the essay " [Write my essay](#) ". It requires too much brainstorming. Moreover, it also plays the most essential role in the essay.

It can also be complex as it may have numerous claims and arguments which would be discussed and elaborated on in the [essay writer](#) . Therefore in such cases, a student may require to undertake assignment help from experts. The statement should be related to the topics discussed in the essay. This assists in attaining the interest of readers.

A person cannot write the thesis statement directly unless he / she is familiar with the points which need to be noted before writing the statement. It should provide a brief overview of valid reasoning about a specific topic. Following are the steps along with an example that needs to be noted and followed before writing a thesis statement:

For example, a Thesis statement of an argumentative essay on the topic "Smoking is dangerous" is supposed to be written.

Step1: Start looking for questions

Analyze different questions that need to be considered before writing the statement " [essay writing service](#) ". These questions need to be answered in the statement. The basic step before writing the statement is to look for substantial questions. These questions would be answered and elaborated on in the essay in detail.

Step2: Look for answers

All the stated questions in the previous step need a solution. These sources should be appropriate. This section also requires a sufficient level of self-assessment practices. The answers should have the support of appropriate evidence.

For example:

- Smoking causes lung cancer and other breathing issues.
- Researchers claim that it is reducing life expectancy.
- People of any age group can be addicted to smoking.
- Addiction is also a disease moreover, people addicted to smoke find difficulty in quitting smoking.
- Apart from affecting the health of humans it is also affecting animals and the atmosphere.

Step3: Prioritize the claims and arguments

Based on the answers and requirements of the assignment, adjust the claims in order " [write my paper](#) ". This section requires brainstorming, and also a clear understanding of the requirements and the topic. The answers and claims which have more appropriate sources and relate to the topic should be stated and elaborated first, followed by other claims and arguments.

For example:

- The claim which most relates to the topic is why smoking is dangerous for health.
- The second part of the thesis statement should be regarding the addiction to smoking and its outcomes.
- the third and final argument should be on its future outcomes and the people who are affected because of smoking.

All these steps need to be followed before writing the final thesis statement " [paper writing service](#) ". Moreover, all the requirements should be fulfilled before writing the statement. This improves the visibility of the essay and makes the reader clear regarding the arguments and topics discussed.
